Dear Harold Joyce,

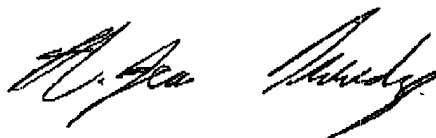

This is written in reference to patent application # 10/068,935 'Roof vent system' which prevents roof loss/lift off in high winds.'

There are six sheets accompanying this note,

- 1) original claims I wrote labeled A (2 sheets)
- 2) office action you wrote labeled B (2 sheets)
- 3) the changes I made to claims which I hope are in accordance with office action requirements labeled C. (2 sheets)

My deadline for submission for this is Sept 9th and I have been caught a little short. We had agreed that I would submit claims early so that you would have a chance to look over them and make sure I am meeting the office action requirements. I haven't give you much time, so if you don't get a chance to review them I understand and will just submit as they are on Sept 9th. Thanks for all your help and for taking the time to refer to and write out the various explanations and requirements from the office action (hopefully this time I have it right {smile}). Thanks again and will be in touch soon.

Kindest regards,

St. Jean Orridge.
